The very essence of Aston Martin is something you feel each time you look at one of our cars. It sweeps over you on every unforgettable drive. Powerful, exhilarating and precise yet timelessly elegant and sophisticated; our cars blend iconic design, exceptional engineering and unrivalled craftsmanship to create an unforgettable, emotional experience.

Each car is the essence of Power, Beauty and Soul.
A fiercely independent spirit and a rich and prestigious history defines Aston Martin as truly unique in the automotive world. Our incredible story starts on 15th January 1913 when founders Robert Bamford and Lionel Martin created Bamford and Martin Ltd, working from a humble workshop on Henniker Mews in London. Their vision for cars with impeccable design and supreme performance captivated the public’s imagination and still commands the same emotive fascination over 100 years later.

In 1914 the name Aston Martin was adopted. Fittingly, this decision was inspired by Lionel’s success at the Aston Hill Climb in Buckinghamshire. Competition has always been in our blood. Since those pioneering days, Aston Martin has become an iconic brand synonymous with hand-crafted luxury, peerless beauty, incredible performance and international motorsport glory.
When Sean Connery first appeared at the wheel of a Silver Birch DB5 in the 1964 James Bond movie *Goldfinger*, the world was dazzled and enthralled by this vibrant partnership. The effortlessly cool secret agent and the impossibly glamorous Coupe were the perfect fit—a vision of sophistication, glamour and intrigue. Every schoolboy’s dream playing out in front of their very eyes.

In an instant, Aston Martin established itself as a towering movie star, an icon of style and speed with a compelling air of mystery. Bond’s association with Aston Martin has continued to take centre stage with DBS, V8 Vantage Volante and Vanquish all making dramatic appearances between 1964 and 2008. From its big screen debut, the iconic DB5 dramatically reappeared in the 2012 movie *Skyfall*. That irresistible cocktail of glamour, sophistication and restrained beauty remains as powerful today as it was fifty years ago.
A HISTORY OF RACING GLORY, 
A FUTURE INSPIRED BY THE 
THRILL OF COMPETITION

Racing is the lifeblood of Aston Martin. From a motorsport debut at the French GP in 1923 to the DBR1’s famous Le Mans 24 hour race victory in 1959, this formidable arena has always been our passion. Inspired by the great victories of drivers such as Sir Stirling Moss at the Nürburgring 1000km or Roy Salvadori at Le Mans, Aston Martin continues to strive for success.

That determination can be seen and heard at racetracks across the world, as Aston Martin racing cars fight for victory at the fearsome Nürburgring, Le Mans and countless other circuits across the globe, from club level right up to the prestigious World Endurance Championships.

Our cars thrive in the heat of competition; they always have. We wear our racing colours with pride.
"I have always been a passionate enthusiast of Aston Martin, a unique and acclaimed marque that inspires desire, admiration and loyalty around the world. Joining Aston Martin was deeply significant to me on both a personal and professional level. Today I am honoured and proud to lead the company into a new era.

This is a pivotal time in Aston Martin’s century-long history, for over the next few years we will launch new cars and seek out new opportunities, welcoming a new generation of customers into our family. Our second century begins here, as creators of truly remarkable luxury cars."

ANDY PALMER, CEO
The people who bring our cars to life are inspired by a shared pride in representing Aston Martin and energised by a common determination to create the most beautiful cars in the world.

Possessing a unique collective skill set, time-honoured artisan techniques and advanced technology, these ingredients are intricately woven together as each car is created. Our team’s dedication to push beyond accepted standards of perfection to achieve an unheralded level of dynamic and aesthetic precision is truly unique.
Beautiful design starts with the simplest stroke of a pencil before growing and evolving as that first spark of creativity is brought to life. All Aston Martins are initially sculpted by hand, further shaping and dimensioning precisely, and working to create perfect aesthetics. That human interface endows our cars with perfect proportions, athletic confidence and the finest attention to detail. Every line must work in harmony, every surface flows seamlessly into the next. It is this simple purity, so difficult to achieve, that sets Aston Martin apart. It is the art of Aston Martin.

WE CREATE SCULPTURES AT ASTON MARTIN, LIVING PIECES OF ART AND DESIGN. THEY PORTRAY DYNAMIC MOTION EVEN WHEN THEY ARE STATIC.

V8 VANTAGE S – COUPE & ROADSTER

FOCUSED ON PURE EXCITEMENT, ROASTING BREATHTAKING DYNAMICS.

V8 Vantage S builds on the inherent qualities of Aston Martin’s two-seater sports car with enhanced performance, even sharper dynamics and a new visual aggression. It is a lesson in race-bred dynamism.

The V8 Vantage S retains V8 Vantage’s 4.7-litre engine as its beating heart, but it is retuned to produce an additional 10 bhp and a further 20 Nm for an even sharper response.

In combination with track-inspired but road-optimised sports suspension the V8 Vantage S offers unrivalled response and assured stability. The cutting edge AMi II infotainment system ensures an experience as intuitive as it is dynamic.

Rousing performance, race-bred aerodynamics, ultra-responsive handling and carbon fibre detailing ensure that V8 Vantage S maximises the brilliance of an iconic design.

SCORCHING PERFORMANCE. A FORCE OF NATURE.

By combining the compact agility of the Vantage chassis with the scintillating response of our immense 6.0-litre V12 engine, a new icon has emerged. The V12 Vantage S is shot through with aggression, blessed with delectable poise and balance and incorporates the latest AMi II infotainment technology. Performance is startling – 205 mph potential and 0-60 mph in 3.7 seconds – but it is the control placed in the hands of the driver that makes the V12 Vantage S a completely immersive experience. The seven-speed Sportshift III paddle-shift transmission gives instant access to our most powerful engine, three-stage adjustable dampers help prime the car for any mood, and carbon-ceramic brakes ensure that the V12 Vantage S offers absolute consistency and assurance even at its limits. Available as a Coupe or Roadster, this extraordinary car is uniquely visceral and endlessly addictive.

THE ART OF TIMELESS ELEGANCE.

The DB9 is the heart of Aston Martin and beneath its athletic but seductive form, lies a unique personality that melds effortless GT and lithe sports car. The new DB9 GT reasserts its position as the fulcrum of Aston Martin’s sports car range with enhanced luxury, intrinsic dynamism, instinctive technology thanks to the new AMI II infotainment interface, and an even more refined aesthetic.

DB9 GT’s richly indulgent 6.0-litre V12-engine now produces 540 bhp in effortless style. Its vast breadth of performance and soaring power delivery remains unique. The immense potential is hinted at by subtle new black detailing for the rear diffuser, headlamp surrounds and a graphite finish for the sonorous sports exhaust. The GT is the most stylish continental express, the most majestic sports car and represents the very best of DB9.

SENSATIONAL PERFORMANCE, SUPREME REFINEMENT. THE SUBLIME FOUR-DOOR SPORTS CAR.

Each and every Aston Martin must possess beauty, elegance and proportion. Rapide S encapsulates those qualities in a four-door form that mixes indulgence and tension with exquisite harmony. Inspired by the aesthetic of our iconic two-seat coupes, re-imagined as a four-door with an almost magical purity of line, Rapide S is cohesive, graceful and every inch an Aston Martin.

The seamless eight-speed Touchtronic III automatic transmission offers a heightened level of flexibility, greater efficiency and the speed of response befitting a true sports car. The bespoke cabin possesses sophisticated style, sumptuous luxury and incorporates the latest technology thanks to the new, highly intuitive AMI II infotainment system. Relaxing, agile, responsive and breathtakingly elegant, Rapide S is the sublime four-door sports car.

UPDATES
Aston Martin Lagonda Limited is constantly seeking ways to improve the specification, design and production of its cars and alterations take place continually. Whilst every effort is made to produce up-to-date literature, this brochure should not be regarded as an infallible guide to current products, options, accessories or specifications, nor does it constitute any offer for sale of any particular car, product, option, accessories and/or services or combination of the same.

This brochure is merely an indication of the kinds of Aston Martin products and services which may be available from time to time. The contents of this brochure represent Aston Martin Lagonda Limited’s business as a whole. Text and photographs may relate to models, specifications, options, accessories and/or services that are not available for sale in some countries or which have been superseded or are otherwise no longer available.

PERFORMANCE RESULTS
Performance results, fuel consumption figures and CO2 emissions data quoted in this brochure are obtained under controlled test conditions (in accordance with applicable regulations) and may vary depending on the specification of the particular car, road and environmental conditions and driving style. Tyre choice may also impact on performance results, fuel consumption, CO2 emissions, ride comfort and handling.

Published figures should be used for comparison purposes only and verification should not be attempted on public roads. No guarantee is given express or implied of performance results, fuel consumption or CO2 emissions.

Aston Martin Lagonda Limited strongly urges that all speed laws be obeyed and that safety belts be worn at all times.

The weight of the car will influence the level of CO2 emitted and as a result, cars with higher levels of specification and factory fit options may emit higher levels of CO2. However, Vehicle Excise Duty is charged according to the weight of and CO2 emissions of the standard car, as published in this brochure.

All petrol engines are fitted with a catalytic converter.

DISTRIBUTORS AND DEALERS
Distributors and dealers are not agents of Aston Martin Lagonda Limited and have absolutely no authority to bind Aston Martin Lagonda Limited by any express or implied undertaking or representation. Sales by dealers or agents are subject to their terms and conditions of sale.

NO OFFER OF SALE
This brochure does not constitute any offer for the sale of any particular car, product, option, accessories and/or services or combination of the same. Aston Martin draws your attention to the fact it does not intend to make all cars for sale in all global markets and does not warrant that the cars are certified, available for sale, and/or suitable for, all global markets.
